

A national movement unlocking green business growth for SMEs embracing sustainability

An initiative by the Council for a Competitive Climate Transition (C3T)

Anchored on the **Technical Reference 149:2026 (TR 149)** standard

Fast, free and frictionless for SMEs to get started on sustainability

Unlocks **business growth for SMEs** that advance on their sustainability journeys

How it works

1 REGISTER TO PARTICIPATE

Sign up on the **Green100.sg** website, or be invited by Queen Bee partners such as your buyers, clients, banks, and trade associations

2 TRACK YOUR UTILITIES

Complete a **FREE** basic sustainability disclosure using Gprnt's automated tools, to start tracking and managing your utilities consumption

3 PLEDGE TO IMPROVE

Commit to enact foundational measures such as developing basic policies & strategies to become a sustainable organisation

4 RECEIVE YOUR BADGE

Receive a **digital badge** issued by the **Singapore Environment Council** recognising your efforts

Benefits for SMEs

Access the **Green 100 Network** for alerts on green procurement tenders, sustainable financing and collaboration opportunities

Get listed on the **Green 100 Supplier Registry** for added visibility to sustainability-minded procurers

Showcase your **sustainability credentials** to buyers, partners and investors
