

## NATIONAL CLIMATE CHANGE COMPETITION 2014

The National Climate Change Secretariat organises the annual National Climate Change Competition as part of its outreach efforts to raise awareness and to encourage individual action on climate change among Singaporeans. In its fourth year, this year's video competition expanded to include an open category, in addition to the existing school categories.

2 NCCC 2014's theme, **#change4future**, brings to the fore that the climate is changing due to human activities and there is a need to act collectively to address climate change, and learn to deal with the changing climate that affects people and the environment they live in.

3 More than 240 videos were submitted when the competition closed on 31 July 2014.

### WINNING ENTRIES

4 Prizes were awarded to the top five videos of each category:
